Dear Howard:

Following the horrific attack perpetrated on the Islamic Cultural Centre in Quebec City, we are hereby providing you with a copy of the statement that we issued on behalf of the Jewish community. Please share it with the members of the Arab Jewish Dialogue. The statement is as follows:

*"The Jewish Federation of Winnipeg is horrified and dismayed by the abhorrent attack on the Islamic Cultural Centre in **Quebec City**. Our hearts go out to the families and friends of those murdered and the injured. The act was particularly odious as it occurred immediately following scheduled prayers in order to inflict the maximum damage. We extend our sincere condolences to the entire Muslim community. This type of terrorism affects us all. "*

Adam Levene, President, Jewish Federation of Winnipeg

Thank you for your attention to this matter.

Respectfully,

Adam Levene  
President, Jewish Federation of Winnipeg
